## INTENSITY SKATES

**Doc Martens** are made in England. Therefore, they come in English sizes. The translation between English and American is one size. So if you order a size "9" American Doc and look on the inside and it says "8" on them, don't even try to worry about it, holmes, cuz what you've got there is a size "9" American fit. And, on top of that, anarchy-they don't make Doc's in half sizes. Damn foreigners.
